

With Stopper (with Folding/ Fixed Handle)

Steel/Steel Big Body/Aluminium

Steel

With Folding Handle and Hand Stopper

SA-HS S type

Load capacity	150 kg
Platform size	475 x 735 mm
Usable size	440 x 635 mm
Suitable caster	CW/UW
Platform height	165 mm
Handle height	885 mm
*Distance between handle and stopper lever	40 mm
Empty weight	16.5 kg

MA-HS M type

Load capacity	300 kg
Platform size	600 x 900 mm
Usable size	560 x 775 mm
Suitable caster	CW/UW
Platform height	210 mm
Handle height	885 mm
*Distance between handle and stopper lever	40 mm
Empty weight	27.5 kg

SA-HS (B)

*Stopper; not brake system but the wheel locking device to keep platform truck stationary in position.

With Fixed Handle and Hand Stopper

SB-HS S type

Load capacity	150 kg
Platform size	475 x 735 mm
Usable size	440 x 655 mm
Suitable caster	CW/UW
Platform height	165 mm
Handle height	865 mm
*Distance between handle and stopper lever	40 mm
Empty weight	16.0 kg

MB-HS M type

Load capacity	300 kg
Platform size	600 x 900 mm
Usable size	660 x 795 mm
Suitable caster	CW/UW
Platform height	210 mm
Handle height	865 mm
*Distance between handle and stopper lever	40 mm
Empty weight	26.5 kg

MB-HS (C)

*Stopper; not brake system but the wheel locking device to keep platform truck stationary in position.

Steel Big Body

With Fixed Handle and Hand Stopper (Drum type)

VB-HSD V type

Load capacity	600 kg
Platform size	750 x 1200 mm
Usable size	750 x 1125 mm
Suitable caster	CW/UW
Platform height	300 mm
Handle height	850 mm
Empty weight	43.0 kg

Rear caster: Fixed with stopper type

VB-HSD

Suitable Casters (with Radial ball bearing except R)

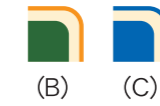

*V type: Rear casters are fixed with stopper type.

Standard CW with Rubber wheels Option UW with Polyurethane wheels
